FRANCE RECEIVES VIRGINIA'S GIFT

Statue of Washington Dedicated in Napoleon Hall Yesterday.

HONOR PAID NOTED AMERICAN

Presented by Col. James Mann, of Virginia, and Received by French Ambassador to United States—Exercises.

Versailles, Aug. 18.—The bronze replica of Houdon's celebrated statue of Washington in the State of Virginia, was today dedicated with appropriate ceremonies in the Napoleon Hall of the Chateau of Versailles. Colonel James Mann, chairman of the Virginia commission, delivered the speech of presentation and Ambassador Jusserand in the absence of the French Minister of Foreign Affairs, M. Pichon, expressed the gratitude and appreciation of the French people for the gift.

The ceremonies were attended by the French minister of war, General Brun; the French ambassador to the United States, M. Jusserand and his wife, and the American ambassador Robert Bacon, and Mrs. Bacon, the Marquis de LaFayette, the members of the French mission which presented to America the statue of Rochambeau now at Washington and former United States Senator Nathan B. Scott, of West Virginia.

General Brun, who presided, spoke of the statue as the greatest work of the great French sculptor of the eighteenth century.

In his speech of presentation Colonel Mann said:

"The grandest name in all the history of America is that of George Washington and the history of all the nations gives us none that is grander."

Mr. Mann recounted the splendid deeds of "the father of his country" both in war and in peace and paid fitting tribute to the illustrious Frenchmen who aided America in its struggle for liberty. "We remember always," he said, "that but for the aid of France success could not have crowned the efforts of Washington in our Revolutionary war. It is because Virginians remember these things and remembering them, love the people of France, that we have come in their name as the bearers of this token of their affection."

The statue was accepted in behalf of the French government by Mr. Pinchon, secretary of Foreign Affairs.

"The graciousness with which the gift of this statue has been received," said Mr. Mann, "has added to the pleasure Virginia has felt in sending her best loved son to stand on the soil of France, amid only allies of offensive and defensive America has ever had. It was a beautiful thought that prompted the people of France to place on the right of this statue of Washington the bust of LaFayette, his most trusted lieutenant and dearest friend, and on his left Suffren, the gallant commander of the redoubtable Fantasque, who dealt such telling blows to the British ships upon our coast and later, by his bravery, won for himself the high honor of being the Admiral of France. It is indeed fitting that there should be placed within the pedestal as a part of his support the names and records of the 47,989 brave French soldiers, who made possible the successful termination of the war and thereby entitled Washington to stand upon that high pinnacle of fame which history accords only to the victorious. His spirit, as it hovers here above his statue, must indeed feel that he stands in the midst of his friends."

Mr. Mann referred to the fact that it was within the very walls within which he stood and where the statue had been placed that on September 3, 1783, was signed the Treaty of Peace between Great Britian and the United States. "This is indeed the birthplace of our nation," he said, "and we have come in grateful recognition of the splendid part that France took in the accomplishment of our freedom, to place within these sacred walls the statue of the 'Father of His Country.'"

Ambassador Jusserand declared that the 'Americans' friendship of General Washington was one of the glories of France, and that therefor it was "singularly appropriate that this statue, the third erected on French soil by our ancient allies should be placed in the place consecrated to all our glories."

At the request of the State of Virginia a list of the American officers and soldiers who fought in the Revolutionary were sealed in the pedestal of the statue, the Marquis de Segur whose ancestors fought with the American army during the Revolutionary, performing the ceremony. Ambassador and Mrs. Bacon gave a dinner tonight in honor of Colonel Mann and his colleagues and their wives. President Falleries will entertain them at dinner at Rambouillet August 26th.

Somerville, Mass., Aug. 18.—Professor David Lee Maulsby, who since 1891 had occupied the chair of English Literature and history at Tufts College died today at his home here. Professor Maulsby was born in Baltimore in Baltimore in 1859. He was graduated from Tufts in 1887. He was a prolific magazine writer and a member of many educational and pedgogical societies.

HITCHCOCK ON POLITICS.

POSTMASTER GENERAL HITCHCOCK

Washington, Aug. 18.—To make a political survey of the far west as well as some of the middle western States Postmaster General Frank Hitchcock will leave Washington in a few days. His exact itinerary has not been made out, and it is likely that he will be governed in his travels by conditions of political interest when he reaches the Pacific coast. For many years Mr. Hitchcock has made it a rule to spend part of his Summer vacation in the west. He will combine pleasure and politics this year and when he returns to Washington in September will be able to tell the President at first hand regarding conditions in the western States. The postmaster general is advised that in many of the States where the Republicans were torn apart a few months ago there is now a better feeling and that the Republican party is again demonstrating its ability to "get itself together" for the biennial November struggle.

PRESIDENT LEAVES BEVERLY

Guest of Governor Draper at Hopedale Last Night—Taft's Position Made Plain in Regard to Colonel Roosevelt.

Hopedale, Mass., Aug. 18.—President Taft is spending the night as the guest of Governor Draper, of Massachusetts, at his home in this place. The President motored down from Beverly this afternoon, making the 60 miles or more in a little over two hours. Governor Draper invited a number of his relatives and itimate friends in to meet the President at dinner tonight.

Mr. Taft was accompanied from Beverly only by Secretary Norton and Captain Butt. Tomorrow the President will visit Menden, where his ancestors lived and return by automobile to the Summer capital in the afternoon. Reports from Oyster Bay today purporting to indicate that Colonel Theodore Roosevelt believed his defeat at the hands of the New York State Republican State committee was the result of an agreement between President Taft and some of the "old guard" were received in Beverly with consternation.

As the reports were not credited to any responsible person, no attention was officially paid to them. So far as the statement that there was an agreement to defeat Colonel Roosevelt to which President Taft was a party is concerned, there is said to be absolutely no truth in it. President Taft from the very first having tried to obtain harmony in New York State. He urged all leaders to try and get together, has been anxious that Colonel Roosevelt's wishes should be considered and even went so far on one occasion as to exclaim to a very prominent New York politician: "For God's sake avoid a fight."

It was also said in Beverly today that it was believed that if the persons who inspired the story from Oyster Bay had been in possession of the facts the statement would have never been made.

DEATH AT WADESBORO.

Mrs. Thomas Aycock Passes Away After Long Illness.

(Special Star Telegram.)

Wadesboro, N. C., Aug. 18.—Mrs. Thomas Aycock died this morning at the age of 57 years, after a long illness. She was the daughter of John F. Watkins and leaves a husband, son and daughter. The funeral service will be Friday morning.

SPEAKER CANNON OPENLY OPPOSED

Congressman Longworth Is Against Re-Electing Him to Speakership.

"UNCLE JOE" MAKES A REPLY

First Movement From Beverly to Oust Cannon—Statement of Ohio Congressman Given—Goes to Visit Teddy Soon.

Beverly, Mass., Aug. 18.—Representative Nicholas Longworth, of Ohio, who today declared himself openly against Speaker Jos. G. Cannon for re-election to the Speakership, will leave here tomorrow to visit his father-in-law, former President Theodore Roosevelt at Oyster Bay.

Tonight Mr. Longworth declined to discuss the issue he had raised by his unexpected assault upon the campaign of Speaker Cannon for reelection.

In a statement declaring opposition to the re-election of Mr. Cannon as Speaker of the House, Representative Longworth said here today: "In view of Mr. Cannon's unequivocal declaration that he intends to be a candidate for Speaker of the House, I think it is incumbent upon those of us who are candidates for membership in the next House, who have made up our minds upon our course of action and have positive views upon the subject to state our position publicly.

"Had Mr. Cannon not made this announcement and had it remained doubtful whether he would be a candidate or not, it was my intention not to commit myself before election as to whom I should or should not support for Speaker. But since Mr. Cannon himself, in his speeches so far in the campaign and in his recent declaration has made his candidacy for the Speakership an issue, I for one do not propose to dodge that issue.

"I shall oppose Mr. Cannon's election as Speaker and I shall do so in the manner that I consider proper and effect in the settlement of controversies in my party—namely in the Republican caucus. I made up my mind before the adjournment of the last session of Congress that Mr. Cannon could not be re-elected Speaker and my opinion has been strengthened since through correspondence and talk with by colleagues."

Mr. Longworth said that he had a genuine affection for Mr. Cannon and respected his splendid fighting qualities, but, he continued:

"I am absolutely convinced, if there is a full attendance at the Republican caucus that Mr. Cannon cannot be again elected Speaker. I want it understood that I shall oppose the re-election of Mr. Cannon to the Speakership and that I am firmly of the opinion that his re-election is impossible. I want it especially understood that I say this solely on my own responsibility and upon the suggestion of no one else."

No Quarrel With Longworth.

Danville, Ill., Aug. 18.—"I have had no quarrel with Representative Longworth as to who shall be Speaker of the next House," said Speaker Joseph G. Cannon here today after reading Mr. Longworth's declaration from Beverly that he would not support Mr. Cannon for re-election to his high office.

"There is no room for disagreement touching this matter between Representative Longworth and myself," he continued. "If any Republican candidate for Congress on the Republican ticket would be strengthened by pledging that he will not support me in a Republican caucus, I have no objection to him making the pledge."

Before Mr. Cannon had seen the full text of Representative Longworth's statement, he declared:

"Mr. Cannon declines to answer any statement which Mr. Nicholas Longworth may or may not have made until he sees it. I do not answer any statement which I believe to be fakes that mischievous parties make."

"It is time enough for me to answer the President of the United States if he has any statement to make touching on the Republicanism of the Speaker of the House of Representatives when he makes that statement under his own hand. I will not fight windmills filled by breeze and blown from lungs of political or personal enemies or cowards."

Cannon Talks of Record.

Danville, Ill., Aug. 18.—Following the reply made to Mr. Longworth earlier in the day, Mr. Cannon tonight dictated the following:

"The legislation enacted and the record by the Republican party during the eight years I have been Speaker speaks for itself. I have not contributed what I could toward the enactment of that legislation. I have co operated with the Republican majority in its effort to put on the statute books the policies of the party and I have no apology to make for the part I have taken in the legislative councils of the nation.

"In the present case, so far as I am concerned, I shall do what I can to bring about the election of a Republican House of Representatives in the 61st Congress for without a Republican majority in the next House there will be no Republican Speaker.

"In the event of my re-election as a member of the House I shall attend and abide by the action of the Republican caucus and from his statement, Mr. Longworth will do the same, as will every Republican member of the House.

"The only thought I would make as to the Republicanism of candidates for Congress is: Will he, if elected, attend the Republican caucus and abide by the same in the organization of the House and in the enactment of legislation in pursuance of Republican politician policies.

TEDDY IS UNEASY OVER SITUATION

Strained Relations Between Himself and President Taft Discussed.

CALLS UPON CLOSE FRIENDS

Most Important Political Conference Since He Left White House—Will Not Take Part in New York State Fight.

Oyster Bay, N. Y.,—Aug. 18.—Theodore Roosevelt spent today in what was probably the most important political conference he has held since he left the White House. He gathered about him a group of his close friends and talked over with them the situation which is best expressed in the reports that relations between President Taft and himself are strained to the breaking point.

William Loeb, Jr., collector of the port of New York; Lloyd C. Griscom, chairman of the New York Republican County Committee; Representative William M. Calder, of Brooklyn; Frederick J. H. Kracke, of Brooklyn, and Representative W. W. Cocks, of Colonel Roosevelt's home district, took part in the conference.

From what was said by some of the visitors it was learned that the ex President and his friends have agreed on a plan of action which will hold until the situation shapes itself more clearly.

Briefly stated, it is this: "Colonel Roosevelt is to stand aside in the New York State campaign and let the 'old guard' fight its own fight and thus shoulder all the responsibility for the conduct and result of the campaign. He is neither to indorse nor criticise the Taft administration. He is to keep out all round, if he can."

Through some of today's visitors it was learned why the colonel has decided to keep his hands off. He feels that the Republican State Committee in refusing to endorse him for temporary chairman of the Saratoga convention—a position he had agreed to accept much against his will with the knowledge that he would be held responsible for election results—acted in a manner that would make further activity on his part look as if he were leading a factional fight against the administration. It was said that Col. Roosevelt does not deem it either wise or proper to permit himself to become involved in such a factional fight, and that his present decision is that he will not go to the convention or take any part which would render him responsible. He has come to no definite conclusion however.

One important proviso was emphasized at today's conference. Those with whom he talked were made to understand clearly that Col. Roosevelt reserves to himself the right to enter the thick of the fight at any time if he believes that the policies of which he is exponent are in serious jeopardy. From what was said after the conference it was gathered that Col. Roosevelt believes the present attitude of men who are influential in the National administration is hostile to him and that an open rupture may result. In such case the colonel feels that he may be compelled at some juncture to exert his influence against the administration.

Those who are closest to the ex-President believe that he will do everything in his power to avert such a crisis during the Fall campaign, and that if he should decide to fight, he prefers to postpone the struggle until the 1912 campaign, when the question of the Nation's policy for the next four years is to be brought before the entire country.

He has said repeatedly that he can form no plans for the future, for the situation may be changed completely at any time. His associates believe that the only reason which might lead him to consider becoming a candidate for the presidential nomination would be the conviction that he must seek another term in order to successfully carry on the work he began while President.

The conference broke up late today without any definite agreement as to when another will be held. Colonel Roosevelt is to start for the West on Tuesday, and probably there will be no more consultations of this nature until after Col. Roosevelt returns.

Col. Roosevelt himself said he was not talking politics for publication, when attempts were made after the conference to get him to express his views. He will go to New York tomorrow and in the afternoon will address the Negro Business Men's League.

Duke and Duchess of Roxburghe Visit Newport

DUKE AND DUCHESS OF ROXBURGHE

Newport, Aug. 18.—Newport society is awaiting with interest the arrival of the Duke and Duchess of Roxburghe from their home in England. The duchess is the oldest daughter of Mrs. Ogden Goelet of Newport and New York and was married in 1903. This is the first visit of the duke and duchess to Newport since their marriage. Many entertainments have been arranged for them, and during their stay they will probably visit other resorts along the coast as well as the principal cities of the United States.

FREIGHT WRECK ON V. & C. S.

Seven Cars Derailed and Track Torn Up For Some Distance—Lumber Bridge Negro Jailed—Teachers Entertained—Notes.

(Special Star Correspondence.)

Lumberton, N. C., Aug. 18.—The local freight train bound for this place from Hope Mills on the V. C. & S. was wrecked today at 12:40 about 10 miles from here. Seven cars were derailed, three of which were loaded coal cars. A brakeman on a coal car dropping down on the track is said to have been the cause of the wreck.

No one was hurt, but the engineer in some way managed to get into a wasp nest in a bunch of bushes near the track and was severely stung on the hands, causing much pain. The track is reported as badly torn up and traffic will be tied up for several hours. Information is hard to get but it was supposed a wrecking crew would be sent from the Coast Line to clear the wreck. The passenger train is on the other side of the wreck, and the only chance to handle mail and passengers on this side will be by using freight engine and box and transferring.

Sheriff McNeill returned from Lumber Bridge last night bringing with him Jasper Whitfield, a negro, charged with an attempt to assault a colored woman.

The teachers attending the institute here this week, were given a reception by the Industrial and Commercial Club in the club rooms this evening, beginning at 8:45. The occasion was one of much pleasure for all present.

County Treasurer McKenzie, with with several members of his family, left tonight for Wrightsville Beach where they will spend two or three days.

A FATAL WRECK IN RALEIGH

Engineer Killed and Several Others Injured in Crash on Norfolk and Southern Yards in Raleigh. Time Difference.

(Special Star Telegram.)

Raleigh, N. C., Aug. 18.—In the collision of a Norfolk and Southern passenger train, due here from Norfolk at 7:20 and a yard engine, just outside Norfolk and Southern yards, here tonight, Engineer J. O. Smith of the yard engine had his head crushed to a pulp and his leg terribly mangled, having been killed instantly; Engineer George Fleming and Fireman John Hodge, of the passenger engine, were terribly injured, Fleming's chest being mashed and his head scalded.

Fireman Hodge was caught by the impact of the engine and tender and was so pinched to the crushed parts of the two, that it was four hours before he could be extricated. One leg was crushed and he was badly bruised up. So tightly did the impact weld the engine and tender together that it required repeated effort of engines at both ends of the train to pull them apart and admit of the extraction of Fireman Hodge from his awful position.

The only passenger injured was Vice President Hawkins, of the Norfolk and Southern, whose private car was attached to the train. He was thrown by the impact in such a way as to break his nose.

Engineer Smith, who lost his life was alone on his engine which he was running out toward Pamlico junction, for just what purpose it has not yet developed. He was a hostler on the N. & S. yard but for many years engineer on the Seaboard main line. One report has it that the passenger train was five minutes late and was reported to Smith as 45 minutes late. The train was due at 7:20 and the collision occurred about 8 o'clock.

Another Account.

Raleigh, N. C., Aug. 18.—Two men dead is the result of head-on collision on the Norfolk and Southern railroad just inside the corporate limits of Raleigh tonight about 8:30 o'clock.

The regular passenger train from Washington, N. C., due at 7:20 was reported an hour late and Engineer John Smith attempted to back his shifting engine from the freight depot to the yards. The passenger train had made up time and dashed into the tender of the shifting engine. Smith was killed instantly, his head crushed, and Fireman John Hodge, of the passenger, pinned for over three hours between the engine boiler and tender of the passenger train, his hip and right leg crushed, died on reaching the hospital. Secretary M. S. Hawkins, of the Norfolk and Southern, was in President Lamb's private car and in the collision was thrown against a seat, his nose being broken.

No passengers were injured and the injuries to Engineer Fleming, of the passenger train and others of the train crew are slight.

Asheville, N. C., Aug. 18.—After deliberating for 24 hours the jury in the case of Gilbert vs. Hopkins on trial in the United States Circuit Court, this afternoon brought in a partial verdict for the plaintiffs and failed to agree on the other points. Title to some 50,000 acres of mineral and timber lands in Graham county was the issue.

M'MURRAY DENIES BRIBERY ATTEMPT

Declares Gore Was Not Offered Big Money to Use His Influence.

THE INDIAN LAND HEARING

Owner of Big Contracts With Red Men Chief Witness Before Committee. Hamon's Name Was Mentioned Again—Details.

Sulphur, Okla, Aug. 18—"It has been charged that you through Jake L. Hamon, offered Senator T. P. Gore $25,000 or $50,000 as a bribe to influence him in Congres sto withdraw opposition to the approval of your contracts. Did you, or did you not offer Senator Gore such a bribe?"

"No", replied J. F. McMurray to this question today when asked at the hearing before the Congressional committee investigating Indian land affairs.

Mr. McMurray, who holds contracts with Chickasaw and Choctaw Indians for the sale of $30,000,000 worth of land in that State on a ten per cent. contingent fee, was on the stand alll day. The questions were propounded to him by Cecil H. Smith, his counsel.

"Did you ever tell any one that Vice President Sherman had any interest in your contracts?"

"I never did" answered McMurray.

"Did you authorize Hamon to say Mr. Sherman was interested?"

"I did. not."

"Did Senator Charles Curtis, of Kansas, ever have any interest in the contracts?"

"He never did; and I never told any one that he did."

"Did you ever tell any one that Congressman B. S. McGuire had any interest in any of your contracts.

"I never did."

"Has any member of Congress, or any employe of any department of the government any interest in your contracts?"

"They have not."

Describing his contracts as a plain business proposition, Mr. McMurray told of his relations with the Indians, begun in 1899. In the first contracts for the sale of the land, Cecil Lyon, National Republican committeeman from Texas, was a partner, McMurray said. These contracts were disapproved by President Roosevelt in 1908 and Mr. Lyon ceased to be connected with them. Mr. McMurray said he then employed as counsel former Senator J. M. Thurston, of Nebraska, former Senator C. I. Long, of Kansas, and Richard C. Adams, of Washington.

The witness denied that he ever offered $25,000 as a bribe to D. C. McCurtain, a Choctaw lawyer. McCurtain had testified that the offer had been made to him in connection with the old tribal contracts.

Mr. McMurray testified that he had called twice on Senator Gore May 6th, (the date on which it was stated that Hamon tried to bribe him) and the Senator had made no reference to the alleged offer of bribery to him He had not heard of it until Gore's speech in the Senate was made on June 25th.

Jacob L. Hamon, mentioned by Senator Gore as the man who offered the bribe in McMurray's behalf, took the stand and denied he had ever made any such offer.

AMERICANS WIN AGAIN.

Defeated Spain for Second Time in Boat Races Yesterday.

Marblehead, August 18.—America again defeated Spain today in the Sonder Yacht races off this port all three American boats leading their foreign rivals at the finish. The Harpoon which took the first race of the series yesterday again carried off the honors today, with the Cima a close second and the Beaver third. The Spanish yacht Chonta, at one time during the race led the entire fleet. She not only pushed the American boats hard, but astonished her rivals by maintaining her place principally through her use of the balloon jib in beating to windward. This departure from yachting precedent set the American yachtsmen to scratching their heads over what may prove to be a valuable innovation.

ARMY OF NOTARIES.

Authorized by Postoffice Department —Free Delivery Service.

Washington, August 18.—The creation of an army of 40,000 notaries public was authorized by the Postoffice Department today, in accordance with legislation enacted during the past session of Congress. All carriers of the rural delivery mail service are now required by the department to execute vouchers for United States pensioners residing on their routes, for which service they are to receive 25 cents for each voucher executed.

The establishment of the rural free delivery service resulted in the discontinuances of 23,550 fourth clas postoffices, the postmasters of which had been authorized to execute pension vouchers.

Pensacola, Fla., Aug. 18.—Much uneasiness is felt here for the safety of the American schooner Sawyer, which is two weeks overdue on the voyage from New York. The schooner was due here August 1st, under charter to load lumber for porto Rico. She left New York July 15th.

Fayetteville 1; Goldsboro 2.
Rocky Mount 3; Raleigh 6.

Where They Play Today.
Raleigh at Rocky Mount.
Fayetteville at Goldsboro.
Wilson at Wilmington.

It took only one run which was put across in the first frame, to win the first game from Wilson yesterday, but they handed us another for good measure, making the score at the end of the battle, two to nothing. Brooks was on the mound for the Sailors and yielded a total of three hits in the ninth inning, while Hearne for the visitors tripled that number.

It was a pretty game well fielded by both sides, but only once, in the fourth inning did the visitors come anyway near tallying. In the first session after Wilson had been retired, two of them victims of Brooks' baffiers, and the other second to first, Kluttz, first up for the Sailors, was given free transportation, and went to second when Cooper hit one to infield and was safe on error of first, Tydeman sacrificing him to third, and Cooper to second. Smiling Al was next up and sent a safe one to right, scoring Kluttz. Cooper was caught out at the plate when he tried to get home behind Kluttz, and Orth went to second. Doak flew to short retiring the side.

Both sides were retired in one, two, three order in the next two innings. In the first of the fourth after Sheridan had skied to center, Jacobs got the first hit off Brooks, it being to right. Westlake advanced him to second when he was safe on an error of Orth. Miller was next up and hit one down left base foul line, and went to second while Jacobs was caught at the plate, Westlake being safe on second. Benbow was the next one to face Brooks, and after three balls had been called said pitcher put one across which he couldn't see, retiring the side.

In the last half, Tydeman started with a single to center, and went to second on Orth's put out on first, but Doak struck out, and Mills was out on second.

In the fifth, after Wilson had been retired in order, Kite singled to left, and was advanced to second on Brooks' sacrifice. Dubbsy Darling having donned his batting garb, bunted a beautiful one down towards third and beat it to first by a good margin, Kite going to third. Dubbs stole second while Kluttz was at bat, and Kite was called out between third and the plate when the squeeze play was attempted, for running outside the line. Kluttz was given a pass, but Cooper was caught dreaming off second a moment later.

The Tobacconists were sent to the field in the usual manner, in the sixth, and Cooper started with a single to center but was forced at second when Tydeman was safe on infield hit. Tydeman stole second while Orth was being retired via the strike-out route, and Doak scored him with a single to center, but was caught trying to annex second a moment later. Wilson went out the same old route in the seventh and Mills was out on first, after which Kite was given a pass, and went to second on Brooks' single to center, Fletcher running for Brooks. Dubbs got his second hit to center, advancing Kite to third, and Fletcher to second. Kluttz was next up, and hit one to first, who threw to plate and catcher threw back to first putting him out. Wilson did not fare any better at Brooks' hands in the eighth, and in the last half, Cooper placed his second hit to left, and stole second, but Tydeman fouled to catcher, Orth flew to left, and Doak skied to short. In the ninth, after Hearne had skied to Orth, and Sheridan was out on first, Jacobs got the third hit of the game, but Westlake flew to left, and it was over.

BROOKS BANZAIS.

Off again, on again, gone again
The darkness came—also the dawn.
You showed the natural form,
Brooks old boy.

Everybody had a lot of life and the result proved it.

Not a base was purloined on Bertram yesterday. That's the goods.

Tydeman was there with the goods when it came to putting them in to the plate.

Smiling Al. made a beautiful stop of Hearne's swat back of second in the final session.

That Cooper continues to wield the willow, if anyone should enquire. Two hits out of three times up yesterday.

From every angle of the game Brooks outpitched Hearne, and he is supposed to be some mutton just now too.

Break the news gently to St. Louis, Hearne or you'll still be in the "busn league" when another season rolls round.

We've forgot all about that tragedy of Monday, and now take this series, and wake those Tobacco Worms from that pennant dream.

Still we think you are a little vainglorious, Mr. Raleigh Dopist. Turn about's fair play, and we got the bigger end of the series at that. That's fair enough.

Nothing doing in the transportation line with Premier Brooks yesterday. They all looked alike to him, and hits were the only things that passed them to first.

Those Fletcherized stings administered to the Raleigh Birds last Saturday, certainly were not sterilized, judging from the lasting soreness they produced on certain dope slingers.

Dubbsy Darling bobbed up with a couple of swats yesterday, one of them being the prettiest beat out of a bunt that has been seen here in many moons.

Hits; off Brooks, 3; Hearne, 9. Struck out; by Brooks, 8, Hearne 4. Base on balls; Brooks, 0; Hearne, 3. Query: If Hearne is worth $1,000, how much is Brooks worth?

There was plenty of stellar plays in yesterday's game too. Brilliant fielding has been the rule and not the exception during the last two weeks, and we couldn't pick the particular star if we tried.

Good brother Bugs's certainly some class to the Sailor aggregation of ball tossers just now, and that's no product of a vivid imagination either. Anyone who doubts it just review the last two games, Wednesday and yesterday.

Berram Kite played a star game yesterday. If there are any better back-stops than "our Bert," they're not working at the job, and those who have been proclaiming that there are better catchers anywhere around, have another guess coming.

"Wonder how those Wilmington dopesters feel this morning" muses the "Times" scribbler. Ours was a pretty complicated case Wednesday morning, to tell you the truth, brother, but we don't mind giving you a brief synopsis of our condition. (Alphabetically Arranged). We were bewilderingly benumbed; caustically cerulean; distressingly dismal; entirely exasperated; fatally foolish; gracefully garrotted; hideously harassed; irefully infuriated; Jim Jeffriesed; kutely keelhauled; Lothrop licked; mournfully morose; nauseously nettled; obviously obfuscated; painfully palled; queerly qualmish; ravingly rancorous; shamefully sacrilegious; temporary tangled; uncommonly ultramarine; vitally vanquished; wretchedly wrathful; and a few additional, outside of which we bore the shock remarkably well, thank you.

RAILROADERS AND RED BIRDS

Score Three to Nothing in Favor of Rocky Mount Yesterday—Richardson Hit inPinches—Keating's Star Game.

(Special Star Telegraph.)

Rocky Mount, Aug. 18th.—Railroader Flinger Wilson never let a Bird reach second corner while the crew hit Richardson in pinches sending two earned runs across the rubber in the second. Another made the circuit in the fifth.

The game abounded with spectacular plays and thre were fielding features for both teams and leading them was the work of Keating at short for the victors. His hit-robbing kept down the score. Craegan and Stein took care of what went into the outer garden for the crew and they came in for their share of the glory in hit-robbing. Wilson's effectiveness and getting the necessary hit at the time needed, tells the story of the Red Bird's defeat.

HIGHLANDERS DROP ANOTHER

Pearce Kept Hits Well Scattered and Thereby Hangs the Tale—Score Was Two to One—The Features of the Game.

(Special Star Telegraph.)

Goldsboro, N. C., Aug. 18th.—Although the Highlanders outhit the Giants today, yet Pearce kept their hits well scattered and was very effective in pinches, while the home team hit when hits meant a run, thereby winning a fast game.

Not a stolen base was made. Daily was hit by a pitched ball twice. Both Pearce and Brandt pitched great ball. Goldsboro started the scoring in the first when Gates was safe on an error by Thorpe, was sacrificed, advanced to third on a fielder's choice and came home on Dwyer's wild throw. In the seventh Fayetteville tied the score. Thorpe beat out a bunt, was sacrificed, landed on third when Graham singled and scored on Daily's wild throw. In the next inning Gates walked, was sacrificed and scored the winning run Sharpe's timely drive to center. The work of both umpires gave general satisfaction.

HEAT-DANGERS FOR CHILDREN

The little folks do not stand the heat as well as their elders, and special care should be taken to keep them in good physical condition. One of the things to be especially watchful of is the condition of the bowels, which presents many dangers hardly dreamed of by parents. When the child shows a tendency to constipation, if it loses appetite, complains of headaches, itch or fails to sleep well and awake refreshed, the mother may be certain that the child needs a tonic-laxative with ingredients such as are contained in Dr. Caldwell's Syrup Pepsin, of which most mothers have heard and which thousands of mothers are using for themselves and their children. Indigestion is one of the worst troubles of child-life in the summer time, and it manifests itself in many different ways. Whatever the cause and whatever the manifestation the mother may be sure of removing the trouble with a few doses of Dr. Caldwell's Syrup Pepsin, which should always be kept in the house for emergency. It is sold in two sizes, 50 cents and $1.00, and can be obtained of any druggist. Those who have never used it and wish to make a test of it before buying, can obtain a FREE SAMPLE BOTTLE by addressing

ENGINEER'S WIFE SUICIDES

Took Thirteen Bi-chloride of Mercury Tablets—Governor Kitchin Back From Robeson—Fine Crop Prospects.

(Special Star Correspondence.)

Raleigh, N. C., Aug. 18.—At 4 o'clock this morning Mrs. George W. Steele died in terrible agony from the effects of thirteen tablets of bi-chloride of mercury taken soon after midnight with suicidal intent. She was the wife of Engineer Steele, of the Seaboard Air Line, running between Raleigh and Richmond.

In a despondent mood, she talked of taking her own life when she went to her room for the night but she was not taken seriously by her husband or Mr. and Mrs. Harry Cole, who lived with the Steeles. However, she soon dissolved the tablets in a glass of water, drank it and threw the glass to the floor, the clatter of the broken pieces attracting the attention of the others to her act. Antidotes were administered, they say, she taking them willingly, but the ravages of the poison could not be stayed. It is a remarkable fact that a physician was not brought in until 4 o'clock when life was almost extinct. Coroner Seapark is investigating the case, especially the reason of the delay in getting medical attention. No explanation is made as to the cause or the desire to suicide. It is insisted that there had been no trouble between husband and wife. The remains will be taken to Roanoke, Va., for interment, her people living there. It is a notable fact that it was Mrs. Steele who was treated for several years by Dr. A. W. Goodwin who diagnosed her disease to be tuberculosis, other physicians charging later that this diagnosis and treatment were malpractice. The Wake County Medical Society investigated the charges, suspending Dr. Goodwin from membership in the meantime for six months. Now there is a suit for $50,000 damages by Dr. Goodwin against Dr. Joel Whitaker and Dr. A. W. Knox, by whom the charges of malpractice were pressed before the Medical Society. The death of Mrs. Steele will probably have an important bearing on the damage suit.

Governor Kitchin, in the city for a few hours today returning to his mother's bedside in Scotland Neck from Lumber Bridge where he delivered an address for a Masonic picnic yesterday, says he never saw such fine crops as there are in the Lumber Bridge section. He was the guest of Col. W. S. Cobb there. He is cultivating 900 acres this season and has shipped 7,000 barrels of potatoes, 30 carloads of canteloupes, and 80 cars of watermelons and is still shipping melons. Furthermore he will make a bale of cotton to the acre on the same land that he grew his potato crop on.

Director T. B. Parker, in charge of the North Carolina Farmers' Institute work, is just in from the series of 125 or more institutes held during the past six weeks in the middle and western sections of the State and says that he found crops improving rapidly throughout the territory traversed, with the corn crop by odds the best in the history of the State. Cotton, he found to be somewhat late but developing rapidly. The fruit crop is much better in the west than was at first thought it would be. Farmers he found to be in a most hopeful mood, and farm life conditions are improving with really marvelous rapidity in farming methods, home surroundings and equipment. The next event in institute work is the State Farmers' Convention to be in session at the A. & M. College here Aug. 30th to Sept. 1st. Thereafter there will be a number of county institutes in the eastern counties.

James Parham, a linotype operator in the Raleigh Evening Times office, had a remarkable experience yesterday in finding a needle working its way out of his arm near the elbow. When discovered the point was protruding. He called on a fellow workman to investigate with the result that the needle was pulled out. He had suffered no serious inconvenience or pain and has no idea how the needle got into his arm.

From the South to Mountains—Negro Stole an Ox—Other Notes.

(Special Star Correspondent.)

Rocky Mount, N. C., Aug. 18.—The largest excursion of the summer so far as the Atlantic Coast Line is concerned was handled through this city last night and forty cars, loaded to their full capacity made up the two trains. For the past six weks there has been advertised along the lines of the Atlantic Coast Line in South Carolina, Georgia and Florida what was known as the Mountain Dash and Seashore excursion the same to be operated in two trains, of Pullman cars, one of the trains taking passengers for Norfok while the other carried the excursionists to Washington. The trains were well filled though the exact number aboard could not be learned this morning. The trains were operated to this city as second sections of regular northbound trains Nos. 82 and 86. One of the trains was handled through to Norfolk last night as a special, while the other one was continued through to the National capitol as the second section of the Palmetto Limited. Mr. W. E. Darrow, the superintendent of transportation, met the trains when they came into the territory embraced by the first division, and he came through with them last night to this city. At points in Georgia and Florida special trains were operated a goodly distance to connect with this special trip train.

A middle aged negro, Sam Perry, made little outs of disposing of an ox that he had stolen from a colored tenant Sam Arrington, who lived on a farm near Snell's in Nash county, about eight miles from this city. Last night the Perry negro went to the home of Arrington about midnight took the ox and walking, and riding through the country, he led the animal to Rocky Mount and he was waiting this morning for the market to open in order to sell the animal when he was taken in charge by a member of the police force. The looser had gotten up during the night and finding that the theft had been committed he poceeded to let it be known and he sent a message here to inform the police.

NEWS OF COLUMBUS.

Court in September—Godwin-Clark Controversy—Other Notes.

(Special Star Correspondent.)

Whiteville, Aug. 18. — Criminal Court convenes the first Monday in September in Whiteville, Judge O. H. Allen, presiding. The jail is full of prisoners awaiting trial, and it will be one of the most important terms held in our county in some years.

Dr. Maxwell returned yesterday from a trip to Waynesville, and other points in Western North Carolina. The doctor, while in Waynesville, met and talked with Col. S. A. Jones, of the projected Trans-Continental Railway to Southport. The Colonel is very sanguine about building his line, and says he has everything ready to begin work. But the poeple o f that section are not so hopeful about the road, owing to the delay.

The Whiteville letter in The Star this morning created considerable discussion. A friend of Congressman Godwin said to The Star representative: "As stated yesterday, all Democrats are rejoicing over the fact that a settlement of the Sixth district situation will be made. The Godwin people are confident that Mr. Godwin will be declared the nominee, or that a ballot primary will be called, for the people to say in each precinct in the district. The Godwin forces are loyal to their man and claim that he has not lost a friend, and is even stronger than ever before the Beach convention, and that the investigating committee will never decide that the Springer-Patterson-Clark convention was regular and in keeping with the plan of Democratic organization."

County politics are warming up, as the primary is near at hand. The country is full of candidates. Farmers have been busy with their crops, and not one man in five has made up his ticket. It is reported that several other candidates will announce next week.

YOUNG MOTHERS

The greatest crisis in a woman's life is when first she becomes a mother. All the physical strength of her nature is demanded at such times, and it is necessary that her system be thoroughly prepared for the event, in order that her health be preserved for future years. Mother's Friend is woman's safest reliance; it is a medicine for external use, composed of oils and other ingredients which assist nature in all necessary physical changes of the system. Its regular use before the coming of baby prepares the muscles and tendons for the unusual strain, aids in expanding the skin and flesh fibres, and strengthens all the membranes and tissues. Mother's Friend lessens the pain and danger at the crisis, and leaves the mother in such healthful condition that her recovery is always rapid and natural. Mother's Friend is sold at drug stores. MOTHER'S FRIEND

Honest Clearance Sales

A CLEARANCE sale is a good place to lay in supplies, provided you know the goods you are buying or know the dealer. When you know both you are absolutely safe.

We are offering special bargains in summer weight suits. Among them you'll find a large number bearing the label of

Hart Schaffner & Marx

Our reason for making greatly reduced prices is a simple business reason.

Every suit represents a certain amount of our money and it occupies so much of our shelves. We want to put the money in fall goods and we want to put these goods on the shelves occupied by summer suits. The solution is plain. We offer you the summer suits, just when you need them, at ridiculous prices. Come in and prove it.

A few more Manhattan Shirts left at the cut prices.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards or thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Friday, August 19, 1910.

An insurgent in Honduras loaded all the arms and ammunition on to a schooner, and has left for parts unknown. This means that the insurgents army will have nothing else to do but help to gather the banana crop.

Senator Aldrich denied that the increase of the tariff duty on rubber benefited him, his family or the Rubber Trust, but, if after what he did for the Rubber Trust by increasing its protection, the prices for rubber were to fall off, the great Tariff Mogul would have the surprise of his life. He would also butt into a disappointment greater than he ever had before.

It is reported that the action of the State Republican Committee of New York, by which it refused to endorse Col. Roosevelt for temporary chairman of the Republican State Convention, may result in the Colonel's refusal to have anything further to do with the campaign in that State It may be well for the Colonel, for if the New York Republicans find themselves in the soup in November he will have the laugh on them.

A few days ago at his home in Danville, Illinois, Uncle Joe cut the double-shuffle on his piazza and gave out a bumptous interview in which he ridiculed the idea that either President Taft or the Republican party desired to "eliminate" him. Speaker Cannon should read the Beverly dispatch in yesterday's papers concerning a long conference between the President and Vice President Sherman. Both of them are agreed that Speaker Cannon "must go" and it is said a statement is being prepared "close to the administration," calling Uncle Joe down for his bumptuous interviews. What kind of a figure will Uncle Joe cut as a scapegoat in the midst of other "undesirable citizens."

In the Republican primary in California, the Insurgents, known as the Lincoln-Roosevelt League, carried the State, nominating the Governor and practically all Congressmen. All Insurgent Congressmen were renominated and three standpat Congressmen will be replaced by insurgents. The Western Republicans manifest a disposition to go back to the principles of the party when Abraham Lincoln was its leader, for they see ultimate defeat for their party if it continues to be dominated by the predatory interests of the East. If the Democrats stick together and only elect the number of Congressmen they had in the last house, the victories of the insurgents are assurance that the legislation of the country practically will be in the hands of the people. "Now is the time for all good men to come to the aid of their party."

The strawberry section of which Wilmington is the centre this season shipped to the Northern markets 428,581 crates of strawberries of the gross value of $3.25 a crate, aggregating nearly $1,400,000. Refrigeration, transportation, commissions and other expenses amounted to $471,439.10, leaving a net balance of $921,449.15. These interesting figures we pick from the report of Mr. H. T. Bauman, secretary of the East Carolina Truck and Fruit Growers' Association, which held its fourteenth annual meeting in Wilmington on Wednesday. An industry of such magnitude and tremendous importance requires the supervision of just such an organization as the East Carolina Truck and Fruit Growers' Association, and The Star is gratified to note renewed interest in its valuable work and increased determination to support an organization so well calculated to save hundreds of thousands of dollars annually to the berry growers.

GOT IT IN FOR TEDDY.

If there is any truth in the press dispatches from Beverly, the Taft administration has "got it in for Teddy."

Intense interest has been manifested in the second defeat for Colonel Roosevelt, since on Tuesday the Republican State Committee choose Vice President Sherman to preside over the State Convention to be held at Saratoga, Colonel Roosevelt being rejected by a vote of 20 to 15. Doubt was expressed in political circles whether Taft or Sherman had a hand in having Roosevelt turned down, but a dispatch in yesterday's Star concerning a long conference at Beverly between President Taft and Vice President Sherman indicates that the fight is on. Mr. Sherman says he has no intention of withdrawing in favor of Roosevelt and lightly treated the stories that there might be a fight to repudiate the action of the State Committee in the State convention to be held in a few days. Of course, there is no necessity for any fight on the part of Mr. Sherman. He is in possession of the citadel. He holds the fort, and it is up to Colonel Roosevelt to make the fight. The question is whether the Colonel is satisfied that he has enough and will take no further chances on another drubbing at the hands of the party organization in his State.

No doubt Colonel Roosevelt is aware that he is up against a tough proposition when he tackles the standpat Republican organization of the Empire State. The Wall Street crowd is against him and the powerful money and "Big Business" influences will control Republicanism in New York. The political ascendency and predominance of Roosevelt evidently also is cause for jealous alarm on the part of Taft, who is anxious for a renomination and would have to depend upon Roosevelt for it unless the Colonel takes a notion that he wants it himself. No doubt Taft is being convinced by degrees that the Colonel wants the nomination himself and the signs are that President Taft is beginning to head off the Rough Rider for sure. Too much Roosevelt has done the work and the appearances are that Taft has made up his mind to fight. Up to this inning Taft seems to have won in the preliminary skirmishes and doubtless he is emboldened with the knowledge that Big Business is at his back.

Through his own weakness or vascillation, President Taft has plunged the Republican party into the maelstrom that threatens its destruction and has rendered his own chances desperate. How much stronger man he would have been today had he but stood by his campaign pledges for a revision of the tariff and insisted upon an honest fulfillment of the Republican platform which gave a pledge to the people that the tariff would be revised in their interest, while at the same time protecting American industries! However, he yielded to the powerful, selfish influences which surround his administration and sure it is that he surrendered without a fight to Canonism and Aldrichism.

The President's tame submission to the predatory interests controlling his party is responsible for the great wave of insurgency which hopes to save its party but which has little to hope for by making a fight for relief for the people inside of Republican entrenchments. The people should no longer trust either to standpat or insurgent Republicans for relief but should see to it that the next Congress is Democratic and that a Democrat shall be elected President in 1912. Hurl the trust controlled Republican party from power and give it a vacation so it can reform itself while it is out of a job.

The Star's Beverly dispatch yesterday, while indicating that Cannon is to be sacrificed in order to placate the people, plainly shows that the Taft administration will standpat on the tariff and has only deception and no concessions to make to consumers. Taft should realize that merely throwing Cannon overboard as the Republican Jonah will not be sufficient to satisfy the consumers of the United States. They are after the scalp of the standpat Republican policy of protection for trusts and special interests. The voters of this country are making a fight for their own relief and not that Joseph G. Cannon should be jetisoned under the idea that it will prevent the Republican ship from foundering.

The whale may swallow poor old Uncle Joe, but the voters of the United States should not swallow any more Republican promises that the protection party ever will on the face of the earth enact a tariff law for the benefit of the people's Government and the people themselves.

A Raleigh man who beat his wife hid himself in a well. If it had caved in on him it would have served him well.

The fact that Atlanta parties have bought the option on the "Breezeland" and "Kitty Cottage" properties and propose to erect a $250,000 hotel on Wrightsville Beach indicates the great popularity and importance of Wilmington's famous seaside resort. A brownstone building or a brick fireproof structure of some kind is what the Atlanta folks should build.

LEGALIZED PRIMARY.

The unfortunate political situation existing in the Sixth Congressional District because of the fact that two Democratic nominees for Congress are in the field, each claiming to be the regular nominee of the party, has accentuated the interest in a legalized primary election for the entire State. Democratic sentiment seems to be practically unanimous in favor of the passage of such a law at the next session of the General Assembly which convenes in January. Some of our Republican contemporaries also favor the nomination of officials by an election to be held under a State law regulating such nominations. The Republicans are interested for the same reason that the Democrats are in favor of some change in their methods of nominating candidates.

The reason why the masses of the Democratic and Republican parties favor a legalized primary election is that the nominating methods of both parties now in vogue do not give satisfaction to the voters of the respective parties. The plans of organization of both parties are bunglesome affairs under which nothing but dissatisfaction and probable disruption can result at some period sooner or later. The Republicans are dissatisfied with their plan and the Democrats are convinced that their present plan of organization is decidedly at fault. The real cause of the Democratic trouble in the Sixth District can be traced in its origin to the unsystematic and impracticable primary plan of holding precinct meetings, mass meetings, or loose primary elections, etc.

Under the Democratic plan it has been demonstrated that it is dangerous to party harmony. It is impossible by such methods to get at the will of the people in making nominations, and while such methods favor party manipulation by politicians and political bosses, we rather think the party as a whole will insist upon a radical change in its manner of making nominations for the support of the party. It is true that many object to a legalized primary election, but nobody can blame any one engaged in political business for opposing a change. Certainly there can be no objection on the part of the voters whose sole desire is to secure candidates of their own choice.

Legalized primary elections laws prevail in many States and it will be an easy matter between now and the sitting of the General Assembly to secure copies of the several State laws now in force in other States controlling primary elections for nominating party candidates. These laws apply to all political parties and the expense is defrayed by the State and counties as in any other regular election. Under such laws the voters of one or both parties or of all parties go to the polls and vote separately for their own candidates, as they did in Nebraska on Wednesday. In that State both parties voted on the same day and at the same polls for their respective aspirants for office, and we have no doubt both parties are better satisfied with their nominations as they come direct from the people themselves.

The agitation for a legalized primary election in North Carolina should be kept up by Democrats and Republicans alike and we believe the time is ripe for a move in that direction all along the line. Virginia is agitating the same question and the Norfolk Landmark is afraid that North Carolina will lead Virginia in this respect. Says the Landmark:

"It very often happens that North Carolina sets the example for Virginia in matters of progress. Virginia had a chance to take the lead at the last session of the General Assembly by adopting a legalized primary bill, in accordance with the instructions of the last State Democratic Convention; but the chance was lost, and now it is quite likely that North Carolina will have a legalized primary system before Virginia, because the Legislature of that State meets again before ours does. Col. J. Bryan Grimes, Secretary of State of North Carolina, and one of the most prominent figurer in her Democracy, is out in an interview declaring the seriousness of the need and voicing the hope that the next Legislature (1911) will 'provide for a legalized primary for the Democratic and Republican parties, to be held on the same day, and guaranteeing absolute fairness and an honest expression of the preference of the voters.' Col. Grimes would have the primary law apply to both local and State officers and would have the State bear the expense of the election, instead of putting it on the candidates."

The Republican organization of New York in refusing Ex-President Roosevelt the honor of presiding over the State convention has not only discredited itself in casting a reflection upon him as one of the honored men of its party, but has really dishonored the Republic over which he once presided as Chief Magistrate. It partakes of the nature of a National disgrace.

The Bureau of Statistics at Washington reports that up to August 1st, 1910, the Government's receipts on account of the tariff for the year was the largest in the history of the Republic, except in 1907. Increased customs receipts mean more taxes for the people, besides the bounty they have to pay to the protected interests of the country.

Emperor William of Germany has a sore toe. That's nothing. Think of President Taft. He has Ballinger hanging around his neck like a mill-stone.

President Taft and his crew are throwing Republican Jonahs overboard. If an insurgent crew captures the ship, President Taft himself may be thrown to the whale.

Col. Henry Watterson, of the Louisville Courier-Journal, says "No Democrat can be a prohibitionist." Neither a Democrat nor a Republican can be a prohibitionist, unless he makes up his mind to quit not trying to be one.

In the Democratic primaries in Nebraska on Wednesday, R. L. Metcalf was defeated as the party's nominee for United States Senator by G. L. Hitchcock. Mr. Metcalf is editor of The Commoner, the Hon. W. J. Bryan's paper. This means another setback for Colonel Bryan.

CURRENT COMMENT.

This is exactly what the Republican party in North Carolina has needed all along—more head.—Richmond Times Dispatch.

The fight that the Democrats will have to put up this fall wil be as nothing to the fight they will have to put up two years from now.—Durham Herald.

In North Carolina Democrats talk about the Republican organization without holding their noses. Columbia State. No, but they lock up their chicken houses though.—Jacksonville Times Union.

The death of Col. William L. DeRossett of Wilmington, removes from the thinning band of Confederate veterans one who had served well his day and generation throughout the course of a life which extended nearly to the fourscore year limit set by the Psalmist.—Charlotte Observer.

A practical railroad man has estimated that the lack of good roads has cost the farmers of this country $225,000,000. If the farmers would set heartily and unanimously to work to save this little trifle, the present high cost of living might be partially offset. What's more, we believe the time is coming when the leak will be etirely stopped.—Charotte Observer.

Will nobody inform Col. Roosevelt of the evil days on which his lieutenant at Conway has fallen? The dispatches say that the Rev. George Singleton, chairman of the Republican party in Horry county, has been rudely thrust into jail, charged with illicit traffic in liquor, merely because a wagon-load of recently emptied whiskey containers was found on his premises.—Columbia Record.

Just before the recent state Republican Convention at least one Republican paper intimated that Mr. Butler was trying to get control of political affairs in North Carolina again with a view to making an effort tocollect those fradulent state bonds, payment of which has been refused persistently for the very good and sufficient reason that they do not constitute a just debt. This surmise may or may not be right. Nobody knows just what Mr. Butler is after but everybody is thoroughly convinced that he is not in the thing for his health. Butler is not that kind of a man.—Winston-Salem Sentinel.

Editor Beasley, of The Monroe Journal, writing to his paper from Morehead, intimates that this favorite North Carolina town will son become something more than a mere pleasure resort. It will be the Southern gateway of the great inland waterway. "Here," says Editor Beasley, "is to be the first terminus of the great inland waterway. When this great undertaking is completed, vessels can come in from the sea and go on to all the northern points on inland waters. Southbound vessels from the big ports above will keep inland until they get here and then put out to sea. Thus Cape Hatteras, the sailors' graveyard, is dodged." Morehead, therefore, is destined to take a commanding position among Atlantic Coast towns.—Charlotte Chronicle.

The Republicans are daily adding to their collection of Jonahs. Senator Crane of Massachusetts appears now to have become the expert authority for the administration on the subject of who is to be heaved overboard, and has been traveling from place to place to indicate who is next to be cast into the angry political waters. Speaker Cannon was long ago marked as the chief victim to be thrown to the "great fish" of the Bible narrative, popularity supposed to be very like a whale, but possibly a prehistoric submarine with excellent accommodations for politicians temporarily in retirement. Secretary Ballinger is also pretty generally agreed upon as bound for the same destination. And now it appears that Aldrichism, if not Aldrich himself, must, in Senator Crane's judgment, be similarly unloaded.—New York Evening Post.

The objection of Senator Heyburn, of Idaho, to the playing of "Dixie" at a Republican meeting showed his sectional hysteria. Lincoln was born in Kentucky and loved "Dixie." A correspondent of the New York Times relates this incident that is interesting at this time:

"On the receipt of the news of Lee's surrender in 1865, an audience gathered at the White House to tender congratulations to President Lincoln. In acknowledging the congratulations President Lincoln said as Lee had surrendered everything he supposed that included the music, as they had some music which he had always enjoyed he took it for granted that music now belonged to us, and he would therefore call on the band to play 'Dixie,' which was done. It is proper just at this time to call attention to this episode as compared with the course and expression of Senator Heyburn, of Idaho, with possible benefit to the latter."—Raleigh News and Observer.

The Ansonian heartily favors the project of the Rockingham Post to have a "Mountain to the Sea Highway." It is being taken up by the papers along the line from Charlotte to Wilmington in a vigorous manner, and from recent indications it will not be difficult mater to interest the counties and towns through which the proposed highway will go. Already Anson has nearly two-thirds of the way in "apple-pie" shape, and would be glad to see a bridge across the Pee Dee along the lines suggested by the fertile brain of Editor Dockery. Such a bridge outside of the highway project, would make Anson and Richmond closer neighbors, and work to the benefit of both counties. As the Wilmington Star says, the counties betwen Charloett and Wilmington have paid so much attention to their roads that it would be an easy matter to connect up the rodas of each county., build a few bridges, and gradually accomplish in a year or two the proposition which might seem at first blush, too big for us. Let's all go to Laurinburg, as it is the most central point, and talk it over, any time Editor Dockery says the word.—Wadesboro Ansonian.

WILL CHANGE THE LOCATION

Board of Education Visits School House Near Greenville Station—Not Pleased With Site Offered by Mr. Bagley.

The members of the County Board of Education made a personal inspection yesterday of the school house near Greenville Station and also looked at the site which Mr. T. F. Bagley has offered to donate provided the location of the school is changed. While nothing definite was decided as to the exact location, the board did decide to make a change, the building being in a very low place and not regarded as at all desirable.

It is very probable that the school will be located only a short distance from the Greenville Sound branch of the turnpike and near Greenville Station. Mr. Bagley offered a site but it is several hundred yards from the road and the board was not at all impressed with the location. An effort will be made to secure a piece of property owned by Mr. Clayton Giles but as he is out of the city nothing can be done about this for the present. A nice building is to be erected and the board is anxious to find a permanent location for they realize that the population in that section of the county is going to increase very rapidly.

Messrs. Martin Willard and C. W. Worth, both of whom are very much interested in the welfare of the people in the vicinity, accompanied the board of education in its tour of inspection and gave many helpful suggestions.

The public schools in the rural sections will open for the Fall session September 5th and, of course, the old building at Greenville will have to be used for the present but just as soon as a decision is reached work will be pushed on the new school. Prof. Catlett says that the prospects for a large attendance this Fall are excellent as people in all sections of the county are becoming more enthusiastic than ever before and each locality wants to have the best school. A school census is now being taken and will be completed about September 1st.

An extension has been made to the school house near Capps' store on the Federal Point road. A new building is being erected in district No. 9, near Carolina Beach, for colored children, the old school house having been burned about a year ago.

ANOTHER DEEP WELL.

Messrs. Alexander Sprunt & Son to Provide Splendid Convenience.

Mr. J. D. Lowry, the well known well driver, has closed a contract with Messrs. Alexander Sprunt & Son for the sinking of an artesian well at the northwest corner of Front and Walnut streets. Mr. Lowry is of the opinion that a very fine and copious flow of good water can be secured at the location and he will go to a sufficient depth to guarantee absolute purity. In the event an overflow is not secured, it is understood that Messrs. Sprunt & Son will likely attach an electric motor to secure the flow at all times. It is also announced that the firm will place at the well a fountain for the use of the public in connection with the well.

LADY WAS NOT DROWNED.

Got Ankle Badly Sprained While Bathing at Carolina Beach.

It was generally reported on the streets yesterday afternoon that Mrs. Harry Hamberger, of this city, had been drowned at Carolina Beach, the rumor evidently having started by a telegram reecived by Mr. Hamberger to the effect that his wife had got one of her ankles sprained while in surf bathing. Mr. Hamberger left for the beach on the afternoon boat and was very uneasy as he feared that the telegram did not state the full facts.

Mrs. Hamberger was in the surf and slipped and sprained one of her ankles badly. Two gentlemen happened to be near and hastened to her assistance and she was carried to the hotel. She came to the city on the evening boat.

THE JUNIORS ARE COMING

Looking Forward to Big Time at Wrightsville Beach—Guests.

Juniors are already beginning to arrive for the annual convention of the Jr. O. U. A. M., which convenes at Wrightsville Beach next Tuesday. Mr. James A. Pope, of the American Banner, Knoxville, Tenn., the official organ of th order for the States of Georgia and Tennessee, arrived in Wilmington yesterday.

Mr. Pope says that considerable attention is paid to the annual convention in this State because North Carolina ranks third in point of members of the Junior Order. It is thought very probable that Mr. Stephen Collins, of Philadelphia, secretary-manager of the funeral benefit department, and who is one of the most influential members of the Order, will be here.

Grafflin Property Sold.

The Grafflin property, located on the corner of Third and Walnut streets was purchased yesterday by Miss A. J. Herring for the sum of $8,500. It is said that Miss Herring will probably open a boarding house. The lot is 66 by 154 feet and is one of the most valuable pieces of property in that part of the town.

WAS DRIVING OLD GRAY MULE

Arrested for Cruelty to Animals—Negro Thought Up to Mule to Make Living.

Yesterday morning a young negro by the name of W. J. Williams was arrested by Officer Minshue upon the charge of cruelty to animals, the mule the negro was driving being such a stack of bones that it was almost inconceivable how he could walk not to speak of pulling a heavy cart, and when the officer ran up on the negro the cart was loaded. In addition to being almost a shadow, the animal had a dreadful shoulder. It was the proverbial white mule, however, and when spoken to in regard to the condition of the mule the boy said it was up to the mule to make a living.

The negro had very little to say when carried before the Recorder and after hearing the evidence he was first given thirty days on the county roads but later Recorder Furlong changed the sentence to $10 and costs.

John H. Whiteman, the well known negro wood dealer, is owner of the mule and the boy was driving a wood cart when taken into custody.

The police have determined to run in drivers using horses and mules in the future that are in such a condition that they should not be worked. It is an especially common practice for hucksters to drive horses that are in dreadful condition.

John Mack, colored, while endeavoring to accommodate a friend by carrying a box to the depot got himself in trouble but was able to explain the matter to the court and was released. He was charged with the larceny of certain articles from the box but showed that he carried the box to the freight office and the agent refused to accept it unless the freight was paid in advance. He said he left the box at the depot until he could learn what to do and later when he went after it the box had been opened and certain articles removed.

Jim Herring, colored, was before the recorder for being asleep on the street. He was cautioned not to repeat the offense and discharged. Several other minor offenders were in court.

WELCOMED BACK "HOME."

Adjutant and Mrs. James Yates and Little Daughter are Here.

After an absence of two years, Adjutant and Mrs. James Yates and little daughter, Miss Florence, of the Salvation Army, formerly in charge of the post in Wilmington, arrived in the city yesterday morning and are here and at Wrightsville Beach for a brief vacation. Adjutant and Mrs. Yates were transferred from Wilmington to Lynchburg, Va., and from there to Augusta, Ga., where they now reside and are held in the highest esteem by the people of that city. It is safe to say that for their high Christian character, for their self-sacrificing lives in the service of the Master, no family ever resided in Wilmington for so short a length of time and so thoroughly gained the confidence and the love of the people as Adjutant and Mrs. Yates and their attractive young daughters. Yesterday upon their arrival, they were given a complete ovation by the people of Wilmington of every walk of life, from the highest to the lowest. It is a real pleasure and an inspiration to have these good people in the community again, even if for only a short visit.

Adjutant and Mrs. Yates are being entertained for the present at the home of Mr. and Mrs. Cuthbert Martin, on South Front Street, where they will be for several days, later going to Wrightsville Beach for a short stay.

THROWN FROM WHEEL

Negro Had Close Call—Looked Like Neck Was Broken.

While riding along the street last night about 7 o'clock at a high rate of speed on a bicycle, a negro by the name of Octave Divine, collided with another negro at the intersection of Fourth and Harnett streets and for a few minutes it was thought that Divine's neck was broken as he was thrown considerable distance and as he fell his head struck the curbing.

Divine was carried to the hospital and it was stated last night that he was getting about straight but that the blow he received on the head in falling was a very severe one. The negro who who walking did not go to the hospital althought slightly injured. His name could not be learned.

ADDRESS BY MR. DUSHAN.

Manager of Boys' Brigade Speaks to Athletic Association.

The Wilmington Amateur Athletic Association held its regular monthly meeting last night and had the pleasure of hearing a fine address from Mr. Charles Dushan, general manager of the Boys' Brigade, who talked to the boys along helpful lines. Mr. Dushan's presence and address was very much appreciated and he was given a cordial vote of thanks for his interest.

The A. A. A. will play the Boys' Brigade on the baseball diamond at 17th and Princess streets Saturday afternoon. Both teams are composed of some excellent baseball material and a game worth going miles to see may confidently be expected.

VICIOUS BULL DOG.

Little Girl Bitten—Not First Time Dog Has Caused Trouble.

Little Margaret Dixon, who resides at No. 812 Princess street, was badly bitten by a bul dog yesterday morning and while the wound is very painful it is not thought that the child will suffer any serious results. The dog is said to be the property of Mr. R. E. Blake and is declared to be of a vicious character. Those living in the vicinity of Eighth and Princess say that this is not the first time that the dog has caused trouble, although no other instances have been reported where a child has actually been attacked.

TELEGRAPHERS GET RAISE

Beginning This Month Coast Line Pays Operators More—Maximum Increase Will be Approximately Nine Per Cent.

Announcement has been made by the officials of the Atlantic Coast Line that beginning with the present month the salary of every telegraph operator connected with the system in any capacity will received an increase in pay. The pay roll this month of the corporation for this item alone will be considerably larger than in the past for hundreds of men are employed as operators.

The raise is to be on the percentage basis but the exact maximum increase has not been announced, although it is stated that it will be approximately nine per cent.

In addition to the increase in pay, a change has been made in the number of hours men are to remain on duty. If an operator holds down the job alone his working day will consist of eleven hours, but where two or more men are employed his working day will be nine hours.

The Coast Line operators in this city were highly gratified when they learned that an increase in the pay was to be made.

Only a few months ago the Coast Line increased the salary of every person employed in the clerical departments, the order affecting thousands of people.

EARLY MORNING FIRE.

Department Had Run to Water and Princess Streets Yesterday.

But for its timely discovery by members of the Star newspaper force, who were just going off duty for the night, a fire which started in the passageway of the three-story brick building at northeast corner of Water and Princess streets at 3:30 o'clock yesterday morning, might have resulted in a serious conflagration. The fire started in a box of trash in the hallway and volumes of smoke were issuing from the building when an alarm was turned in from box 212, Front and Princess streets. The firemen, who two days in succession have had an early morning run at about the same hour, were soon on the scene and it was necessary only to turn a chemical stream on the blaze, very little damage having resulted. A sail loft conducted by Herman Schleive and the offices of the Dixie Brokerage Co., are located on the second floor of the building, the first being occupied by Mr. Ralph Kennedy.

BACK TO LAURINBURG.

The Sheriff of Scotland Comes for Boy Arrested Yesterday for Murder.

Sheriff McLaurin, of Scotland county, arrived in the city yesterday morning and carried Richad McIntyre, the murderer, back on the afternon train to Laurinburg where he will be tried for killing Barney Hall. The way the circumstances have been related the boy will probably be charged with manslaughter.

Sheriff McLaurin said the negro had so aged that he hardly recognized him, although he worked for him before the crime was committed.

GAYNOR MAKING PROGRESS

Recovery Now Seems Certain—Allowed to Sit Up Yesterday.

New York, Aug. 18.—Nothing has developed to indicate that Mayor Gaynor is not making daily progress toward recovery. Only two bulletins were issued by his physicians today—the first at 8:30 o'clock this morning, the second at 9:30 o'clock tonight. Both were brief and optimistic.

The mayor will probably be allowed to sit up again tomorrow and it is also probable that Ruth and Marian, 7 and 9 years old, respectively, the youngest of the Gaynor children will be allowed to see their fatuer. Luke E. Wright, of Tennessee, former Secretary of War, called at the hospital today. He chatted with Mrs. Gaynor and saw the mayor briefly.

New York, Aug. 18.—Counsel for James J. Gallagher, the city employe, who shot Mayor Gaynor a week ago last Tuesday, said tonight that John Reilly, who has been retained by the Knights of Columbus of which Gallagher is a member, spent an houg with him this evening and came away with the belief that he is irresponsible. The doctor found that there is a depression of the skull which would seem to involve a history of injury. The prisoner had an exaggerated idea of his own importance and was irresponsive.

Although Gallagher when arrested seemed to exult in his deed, his wardens now say he spends much of his time praying for Mayor Gaynor's recovery.

MOISSANT IN ACCIDENTS.

Machine of American Aviator Was Partially Wrecked.

Chatham, Eng., Aug. 18.—Two accidents to his monoplane today brought down to earth the American aviator John B. Moissant, who yesterday made the remarkable flight across the English Channel with a passenger in a daring attempt to fly from Paris to London. Tonight Moissant's aeroplane lies partially wrecked in a brick field near Rainham, 30 miles from London. By a remarkable stroke of fortune, which seemed to have followed the almost unknown and inexperienced aviator on the first two days of his flight, Moissant and his mechanician, Albert Fileux, escaped unhurt. But the machine came heavily to the ground, alighting in a narrow space banked high around with earth and piles of broken brick. There it is to remain until it can be removed piecemeal.

Moissant resumed his flight from Tilmanstone at 4:55 o'clock this morning. At 7 o'clock he was obliged to descend near Sittingbourne. A small pin had become displaced. After this defect was repaired Moissant reascended, but before he had gone many miles, a connecting rod was broken, which forced him to use the planes to reach the ground.

The aviator is not discouraged and promises as soon as the machine is in order to make another start for London.

AGAINST THE ORDINANCE

Board of Audit Thinks Tax in Sanitary Ordinance Too High—No Machinery Provided to Collect Money.

The Board of Audit and Finance met yesterday morning with Messrs. M. G. Tiencken, H. C. McQueen and Jesse Wilder present, in the absence of the chairman Mr. Tiencken presiding.

Although the tax ordinance relating to surface closets was not exactly before the board for consideration, the Aldermen having been requested at a former meeting to furnish certain information which has not yet been given, the ordinance was discussed. It appeared to be the opinion of the members that the tax named in the ordinance is too high, and a further objection is that the ordinance does not provide for machinery to collect the money. The fact was also mentioned that the city had collected license from a company to look after the sanitary work during the present year.

An appropriation made some time ago by the Board of Aldermen to be used by the Sanitary Committee in having certain wooden trunks in drains removed and tiling laid was concurred in. This was formerly held up but Alderman Ellis went before the board at a previous meeting and explained what the money is needed for. Another appropriation of $1,000 to lay a drain pipe was left open, the Board of Aldermen having been asked for information concerning what work is to be done.

Coupons amounting to $18,920 were burned, and of this amount $2,250 was on street improvement bonds and the remainder on the general account.

ROCKY POINT NOTES.

Rain and Truck Outlook—Ice Cream Festival on The Tapis.

(Special Star Correspondence.)

Rocky Point, N. C., Aug. 18.—Rain has fallen every day for the past eight, yet good fodder has been saved, while a number of farmers are letting it remain on the stalk rather than risk paying labor to strip the blades to rot afterward before being cured. Melons have been small and deficient in flavor owing to repeated rains. Peaches have rotted from same cause, while the crop of pigs and pears was never so large.

In the meantime the strawberry growers have had fine seasons for transplanted with a remarkably small per cent. to die from sun-scald. There are yet some "patches" of acres in extent that a strict rivalry exists to "who and who" betwixt the berry plant, bull and crab grass—from a distance it seems the grass is in supremacy.

A warrant was placed in the hands of Mr. Howard Peeden for the arrest of Frank Williams, colored, who runs on the pay train, this morning. His arrest was resisted by a white employe of the A. C. L. by drawing a shovel on Mr. Peeden, who, notwithstanding, took the negro and carried him to Burgaw where he was placed in jail on false pretense. The prisoner struck Mr. Peden. Both the white man who managed to escape, and the negro will have to appear before Pender Superior Court for resisting an officer. The white man was 'phoned for at Watha but managed to make himself scarce, so reported.

The good ladies of the place are preparing for an ice cream festival Friday night from 8 to 11 o'clock. A beautiful cake will be contested for with the young lady bearing the same. The successful contestant will then present it to another pretty girl and contests Nos. 1, 2, 3 and four—possibly a dozen will be held. We wish to see Wilmington well represented, since the funds will be for a good cause. Picnics here draw well Wilmington's young people, why not festivals?

REYNOLDS BUYS BULK.

North Carolina Manufacturer Buys Burley Society Product.

Lexington, Ky., Aug. 18.—It is generally believed that the R. J. Reynolds Tobacco Company, of Winston-Salem N. C., has bought nearly all the 1909 pooled crop of the Burley Tobacco Society, amounting to 120,000,000 pounds. No statement was made by either side today but the executive board suddenly adjourned until Tuesday after stating that the aid of the Reynolds concern had been accepted. The price is an average of 18 cents fixed by the Burley officials.

CRIPPEN STILL IN QUEBEC.

Inspector Drew Awaiting Orders From England—Details.

Quebec, Que., Aug. 18.—The jail on the Heights of Abraham still housed Dr. Crippen and Ethel Leneve tonight notwithstanding the report that they would start for London this morning. They had been expected to sail on either the Royal Edward or the Lake Manitoba, both of which touched here today outward bound.

Inspector Drew said he was waiting for certain orders before taking the prisoners back to England, but the source of these orders could not be learned.

Crippen himself expected to leave today. When he learned the change of plans he expressed disappointment. Dew may take his prisoners away at almost any time, but so far as the Canadian law is concerned, he need not hurry any. Crippen and Miss Leneve may still spend several days in Quebec.

CHOLORA PROVING FATAL

Outbreak of Disease Has Caused Deaths in Italy.

Bari, Italy, August 18.—The latest report on the outbreak of Asiatic cholora which has begun in the province of Bari Delle Puglie shows that there have ben in all 33 deaths. The latest cases reported are one at Bisceglie, two at Barletta, three at Trinitapoli, one fatal case at Ope, five cases and two deaths at Margherita Di Svoia and one death at Cerignola.

Rome, August 18.—The epidemic of cholora which is now prevailing in some of the towns and villages of the Province of Bari Delle Puglie has not been officially determined. By some its origin is attributed to a tribe of Gypsies, who have been wandering through the district; by others to a party of Russians from Odessa, who went to Bari to visit the relics of their patron saint, St. Nicholas. They employed for washing their clothes the buckets used in drawing drinking water from the wells and in this way may have contaminated the water supply.

Turin, August 18.—King Victor Emmanuel and Queen Helena are displaying great anxiety over the outbreak of cholora in the south, and the King has given orders that he be kept constantly informed on conditions in the infected regions.

The Queen is especially touched by the stories of the distress among the people of the province of Barri Delle Puglie, and has made inquiries regarding their needs, ordering that assistance be rendered them, for which she will pay from her private purse.

The King has already intimated his intention of imitating his father, who in 1885, fearless of danger, proceeded to Naples and remained among the cholora patients, who were dying at the rate of a thousand daily. King Victor Emmanuel is reported to have said:

"If the scourge increases instead of going to Monte Negro to take part in the festivities, I shall go where my people are dying."

DOUBLE TRAGEDY ENACTED.

Woman Found Child Dead and Mother With Cut Throat.

Chicago, August 18th.—Returning from shopping today Mrs. G. H. Fortmiler found her baby smothered to death and her mother, Mrs. Dorothy Bartell, unconscious from razor wounds across the throat.

When restored to consciousness Mrs. Bartell, who is 68 years old, declared that a man entered the house and attacked her with a razor. The police found no evidence of a struggle in the house. There had been no attempt at robbery. All the doors and windows of the house were locked from the inside. The razor with which Mrs. Bartell had been cut was found behind a bath tub. Mrs. Fortmiller said that her mother had been complaining of pains in her head recently.

For the Ladies

HILLES TO SEE TAFT.

Assistant Treasurer Will Talk Politics and Other Affairs.

Washington, August 18.—Charles D. Hilles, assistant secretary of the Treasury, left for Beverly today and will see President Taft tomorrow. While the assistant secretary ostensibly goes to talk over departmental affairs it is no secret that the President considers Mr. Hills well informed on New York politics and has confidence in his political sagacity. Therefore, it is generally assumed that the situation in New York will be discussed.

Mr Hilles has been mentioned as a possibility for the gubernatorial nomination in New York as it is said he would be acceptable to all factions of the party. At present it is known that he contmplates leaving the treasury to go into private business.

BREAK AT GOLDSBORO.

Tobacco Prices Average Much Higher Than Last Year.

(Special Star Telegraph.)

Goldsboro, N. C., Aug. 18.—Goldsboro's tobacco market opened today with the prices 50 to 75 per cent. higher than prevailing for the same quality of tobacco at the same time last year. Today's break aggregated in the neighborhood of 100,00 pounds with the probability that there would have been a record-breaking hauling into the city of the "golden leaf" but for the unfavorable weather.

The subdivision of the Chadwick Farm, one mile east of Wilmington, is into 3, 5 and 10-acre farms and will be sold at auction August 23rd. **

Why stay and fight the hot weather when you can go to the mountains for $5.00 round trip? Call and see Seaboard Agent, office Orton Hotel.

Columbus, O., Aug. 18.—Violence in the street car strike broke out again late tonight when a Linden car was blown from its tracks at the Mock Road, north of the city. Dynamite was used. The floor of the car was splintered, but the crew and the guards escaped injury. The guards fired into the darkness and received a return fire, but no one was hurt.

Omaha, Neb., Aug. 18.—With returns available from 1,014 out of 1,645 precincts, Mayor Dahlman maintains his lead over Gov. Shallenberger for the gubernatorial nomination on the Democratic ticket. These precincts give Dahlman 22,004 and Shallenberger 18,277, a majority for the Mayor of 3,727. Cady has conceded the Republican nomination to his opponent, State Senator Aldrich.

DELIGHTFUL LAUNCH PARTY ON THE "IOLA."

One of the most delightful and pleasing launch parties of the season was given yesterday by Mr. John Garrell on his handsome new yacht "Iola," complimentary to a large party of friends. The beautiful and modern craft was recently brought to this port and was used by Mr. Garrell and party in making the interesting voyage through the canals by the inland route and the Chesapeake Bay to Wilmington during the early Summer.

The party spent the entire day on the river, and the outing yas made especially pleasing and congenial. The "Iola", left the city shortly after 10 o'clock yesterday morning and returned to the city late in the afternoon after making stops at Southport and Old Brunswick, where the yachting party made a trip over to the ruins of old St. Phillip's church, of colonial fame. The splendid manner in which the party was entertained made a day of genuine pleasure for all present.

The members of the party were: Mesdames K. W. Price, John Garrell, T. A. Smoot, D. W. Bulluck, L. A. Blue, J. Utley King, Misses Muriel Joyner, Carrie Young, Helen Land, of Greensboro; Misses Agnes Unasten, Rosa Belle Kirkham, Katie Foard, Ella Brinkley, Elizabeth Nutt, Jennie Corbett, Maude Bulluck, Lucile Riley, Lucile Green, Grace Craig, Ida Hankins, Irene and Glaydice Price. —Alderman Yopp says he did deign to catch such ordinary fish as mullets on his fishing trip to Carolina Beach, but that he caught Virginia mullets.

—Notice is given elsewhere in today's paper that the steamer Wilmington will not make the regular 2:30 o'clock trip from the city to Carolina Beach today.

—Deputy Sheriff Howe leaves for Goldsboro this morning to carry Amanda Eason, an old negro woman to the negro Asylum. He will bring back Dina Brockington whose mind is practically restored but she will have to be carried to the county home.

—Through Congressman John H. Small a very handsome map of the United States and its insular possessions has been presented to the Wilmington Chamber of Commerce. The map has been given a prominent place on 'change and Mr. Small has been written a very cordial letter of acknowledgement.

—The Thomasville correspondent of the Lexington Dispatch says: "Rev. Parker Holmes will return the latter part of this week from Wrightsville Beach, where he has been spending his vacation, and will preach in Main street Methodist church next Sunday morning and evening. His congregation will be delighted to have him home again."

—A force of Seaboard Air Line workmen yesterday started work on repairing the railroad bridge over its tracks on North Fourth street. Later, it is expected the proper authorities will take steps to require the railroad company to place a permanent steel or iron structure over the tracks. A gentleman well informed of such matters said yesterday that the proper procedure was by petition to the State Corporation Commission.

BARONESS WEDS MERCHANT

Morganatic Wife Late King Leopold. News Leaked Out.

Paris, Aug. 18.—Baroness Vaughan, the morganatic wife of the late King Leoplod, of Belgium, and Emmanuel Durieux, a retired merchant living at Neuilli Sur Seine, were married today at Arronville, where the Baroness has been living at the Chatean Balincourt.

In spite of all precautions to keep the marriage arrangements secret the news leaked out and a large crowd gathered and cheered and annoyed the bride as she hurried first to the mayor's office and then to the church. She strove to hide her features from the photographers, while the prospective bridegroom protected her as best he could with an umbrella.

The mayor and cure succeeded in performing the respective ceremonies in a total of 14 minutes.

REFORM IN CHINA

As Result of Recent Charges In Policy of Central Government.

Washington, Aug. 18.—Reform in the policy of the central government of China is expected by American officials to follow the wholesale changes in the personnel of the Pekin government, which have been in progress during the past few weeks. American Minister Calhoun today notified the State Deparment that a more energetic and business like management of affairs is to be expected from the Chinese empire.

The United States government is understood to be highly pleased with the elevation of Tong Shao-Yi, as acting president of the Imperial board of posts and communications to take the place of Hsu Shih-Chang, who, with Prince Yu-Lang has just been advanced to the grand council.

The appointment of Sheng Shuan-Huai, also known as Sheng Kung Pao, of Shanghai, as president of the board of posts and communications and to assist the board of finance in the projected reform of the currency, is taken as an indication of big reforms in the currency system of China.

FOURTH EXTRA SESSION.

General Assembly of State of Texas Begins Another Session.

Austin, Texas, Aug. 18.—Following the proclamation of Gov. Campbell for a fourth called session, which he issued immediately upon the adjournment of the third called session, the Texas Legislature convened here today.

The legislation especially noted in the call is a reform of the State penitentiary system and the enactment of a two-cent passenger rate. A uniform bill of lading law is also a recommendation of the Governor for the action of the legislators.

The Art of Saving.

I believe that if somebody could invent unique ways of saving money the public would have an assured future. Men, women and children would regard saving as a game and play it with all their heart. There are penny savings banks where newsboys and bootblacks carry their tiny savings, but other children regard their penny bank at home with unfriendly eyes. There are working girls who put away their five cent pieces and fatten their small bank accounts by walking instead of riding and making other petty sacrifices. But the majority of working girls spend as fast as they can earn and declare that they cannot help it.

One reads of a man who began his career by regarding every dollar as a worker and getting all the profit he could. With that quaint conceit in his head saving became a pleasure, and he won riches without realizing that it was a struggle. I know of more than one woman who receives each night from her husband every dime he has received in change through the day, for he is careful to avoid spending such a piece of money. These, with her own savings in the same direction, make a respectable weekly showing.—Kansas City Journal.

He Lived There All Right.

An anxious father got wind of the rumor that his son was leading rather a convivial life at college. But the son strenuously denied the charge in letters to his father. Still unsatisfied, the father made an unexpected visit to his son's lodging place and, giving the bell a manly pull, was met by a grim faced landlady, who seemed to know what was coming.

"Does Mr. James Smith live here?" asked the father.

"He does," replied the landlady. "Bring him right in."

COTTON MARKET CONDITIONS

No Material Change in the Texas Crop Situation Yesterday—Opened and Closed Steady at Small Decline.

New York, Aug. 18.—While there was nothing in today's official weather news to indicate any material change in Texas crop conditions rumors of rain in the droughty sections of the Southwest were more or less persistent, and prices more than lost yesterday's gain, the close being barely steady at a net decline of three points on August and of from 21 to 25 points on other months.

The market opened steady at an advance of five points on August which was influenced by a continuation of yesterday's covering movement, but generally two to seven points lower in response to somewhat disappointing cables and Texas rain rumors colored by the appearance of light precipitation at Galveston and San Antonio as shown by the early weather map. The demand created by yesterday's bullish crop reports appeared to have been exhausted and there were very few buyers around the ring. Offerings were not aggressive, but there was enough scattering liquidation and local bear pressure to send prices gradually lower, and while slight rallies followed the Western belt forecast, and the official detailed Texas weather report there was no broadening of demand as the market steadied and the downward movement was soon resumed, with prices reaching the lowest point in the late trading on reports that a moderate disturbance in the gulf was bringing rain to the Southwest. Last prices were at practically the lowest of the day. After the close wires were received from Dallas reporting that there was no indication of rain either there or at Galveston. The Western belt forecast was for rain in Northeast Texas and partly cloudy weather over the balance of the State. It is said that some better crop accounts are being received from the Eastern belt and that Atlantic State points were moderate sellers in today's market. Southern spot markets as officially reported early were unchanged to 1-8c higher.

Receipts at the ports today 2,226 bales against 2,875 last week and 3,346 last year. For the week 35,000 bales, against 11,301 last week and 14,398 last year. Today's receipts at New Orleans three bales against ten last year and at Houston 3,328 against 1,833 last year.

Spot closed quiet; middling uplands 15.90; middling gulf 16.15; sales 5,920 bales.

Futures opened steady and closed steady.

Life on Panama Canal

has had one frightful drawback—malaria trouble—that has brought suffering and death to thousands. The germs cause chills, fever and ague, biliousness, jaundice, lassitude, weakness and general debility. But Electric Bitters never fail to destroy them and cure malaria troubles. "Three bottles completely cured me of a very severe attack of malaria," writes Wm. A. Fretwell, of Lucama, N. C., "and I've had good health ever since." Cure stomach, liver, and kidney troubles, and prevent typhoid. 50c. Guaranteed by Robt. R. Bellamy.

STOCKS DECLINE ON MARKET

Market Evinced a Reactionary Tendency with Prices Generally Lower—Effect of the Political Clouds.

New York, Aug. 18th.—For the first time this week today's stock market evinced a reactionary tendency, with a generally lower level of prices. In no instance were the declines serious, nor was there any evidence of enforced liquidations, but rather of realizing for profits with some attendant bear selling. The general belief is that the political clouds are looming large over the financial horizon. Wall street at the moment is devoting especial attention to the conflict within the ranks of the Republican party.

Light was thrown on the country's foreign trade situation by the publication of an official statement from Washington concerning imports and customs receipts for the first pear under the new traffic.

Bonds reflected the tone of the stock market by their irregularity. Total sales par value $1,870,000. Total sales stocks for the day 538,100 shares.

The sales for the day were 3,000 bales of which 500 were for speculation and export and included 2,400 American. Receipts 100 bales, all American.

Futures opened steady and closed quiet. August 8.06 1-2; August and September 7.76 1-2; September and October 7.38 1-2; October and November 7.23; November and December 7.13 1-2; December and January 7.17; January and February 7.10 1-2; February and March 7.10 1-2; March and April 7.10 1-2; April and May 7.10; May and June 7.10.

DRY GOODS MARKET.

New York, Aug. 18.—The cotton goods market holds very steady with a moderate amount of business passing on gray cloths and domestics. Yarns hold steady with business limited. Dress goods mean's wear showed little change for the day.

CRUISER NORTH CAROLINA.

Will be in Narragansett Bay for Waterways Association.

(Special Star Correspondence.)

Washington, N. C., Aug. 18.—Representative J. H. Small of this city has been recently advised by the Navy Department, that the armored cruiser North Carolina will be among the war ships in Narragansett Bay during the meeting of the Atlantic Deeper Waterways Association at Providence from August 31st to September 3rd. This will doubtless prove of interest to the large number of Tar Heels who expect to attend the meeting of the association at Providence.

Work on the mammoth manufacturing plant of the Pamlico Chemical Company of this city, which will be situated on Pamlico river just below the city, is progressing rapidly. The large pier projecting 200 feet out into the river has been already completed, and the right of way for the spur track from the Norfolk & Southern railroad leading to the plant has been graded and the work of laying the track is now in progress. It is understood that the work on the buildings will commence in dead earnest in a very short time.

The city public schools will open for their Fall and Winter term on Monday, September 19th, at 9 o'clock. The indications for a very successful year are very good.

The addition of the extra train over the Norfolk & Southern railroad to Raleigh from this city, recently put on, meets with the hearty approval of our citizens and business men and is getting a good deal of patronage from the traveling public generally. The Norfolk & Southern has done a great deal for the Eastern section of Carolina.

CURES PIMPLES EASY.

Simple Remedy That Clears Skin Quickly of All Eruptions.

For several weeks past J. Hicks Bunting Co. have done the biggest business it ever had in any one article in selling Hokara, the skin food that has won so many friends in Wilmington.

It has been found to be an absolute cure not only for all minor skin troubles, such as pimples, blackheads, herpes, ache, scaly scalp, complexion blemishes, itching feet, piles, etc., but for the worst sores, ulcers, or even chronic eczema and salt rheum. There has yet to be found any form of wound on disease affecting the skin or mucous membrane that Hokara does not heal, and its action is so instantaneous that those who try it are simply delighted with it right from the start.

In spite of its unusual curative powers, the price is trifling. To convince every one of its merits, they will sell a liberal-sized jar for 25 cents. And remember that if you do not think it does what it claims, you get your money back. You certainly can afford to try it on this plan.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

HUBBARD BROS. & CO.,

Cotton Market Showing Sagging Tendency—The Decline.

(Special Star Telegram.)

New York, Aug. 18.—The market has shown a sagging tendency during the day, with a marked absence of new buying. The decline indicates that the dry weather in Texas is losing force as a factor. No special rains are reported, and in their absence the trade is perplexed at the lack of buyers. The shortage in the southwest appears to be discounted, and the bull leaders make no attempt to force any advantage. The tendency locally is to accept quick profits, traders shifting easily to either side. Manchester business has been checked by the high prices, as has business here, though there is some buying by New England mills. Offerings of new crop months are becoming liberal.

NEGRO BUSINESS LEAGUE.

Old Fashioned Arkansas Darky Gave Them Pointers.

New York, Aug. 18.—An old fashioned Arkansas darky, one of those proud to call himself "nigger," stood up in the second day's session of the Negro Business Men's League today and vowed that he "wouldn't change places with Mr. Roosevelt, big a man as he is."

"Come out with us you niggers," he told the New York negroes, "where the air is free and God is good, and where, if there is any gumption in you, you can have more in a year than you ever earned in all your life before. If you haven't a dollar I'll give you a farm and a chance. Come out to Arkansas."

The speaker was introduced by Booker T. Washington as Scott Bond, of Madison, Ark.

"How much are you worth?" asked an inquisitive delegate. Scott Bond grinned.

"Well," he said, "down in Arkansas they tax us 50 cents on every $1,000, I pay a few cents less than $2,000.

A little arithmetic shows that this tax represents a capital appraised at nearly $4,000,000, consisting, Scott Bond said, of his own farm, nineteen farms rented to other negroes, cotton gins, twenty general stores, and live stock.

"What do you raise?" asked a woman delegate.

"On my place," was the reply, "I raise mules, corn, cotton, tobacco and boys and girls."

OIL FIRED BY LIGHTNING.

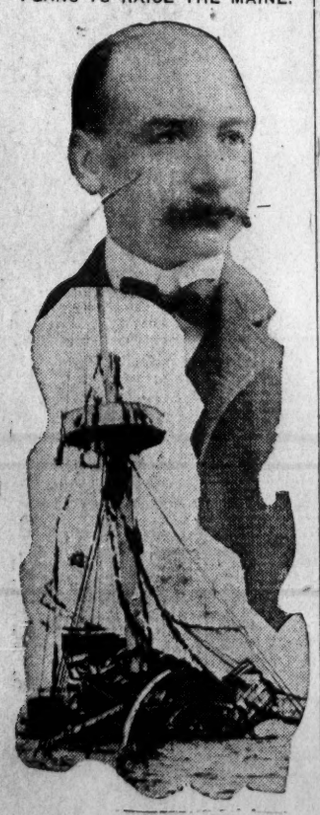
Thousands of Gallons Are Burned in Texas Field.

Tulsa, Okla., Aug. 18.—Approximately $150,000 worth of oil and tanks in the Oklahoma fields were destroyed by fire during a severe electrical storm late yesterday, according to advices received here this morning.

A mile and a half northeast of Keller, a 5,000-barrel steel tank of the Kansas and Oklahoma Company was struck by lightning and burned. A short distance to the north two 160,000-barrel tanks went up in flames, and still further north another 55,000 barrel tank was lost. In the same field three 1,600-barrel wooden tanks were consumed.

Montgomery, Ala., Aug. 18.—Good roads, through the use of convict labor and seven months of school each year in the rural districts is to be the slogan of the Alabama farmers. A committee to present these views to the next Legislature was appointed at the meeting of the Alabama Farmers' Union today.

PLANS TO RAISE THE MAINE.



John F. O'Rourke, of New York, engineer, has a new plan for raising the battleship Maine from the mud of Havana harbor. His plan is based on a system of pneumatic caissons surrounding the wreck. When these are in position Mr. O'Rourke claims that the Maine can be swung in a cradle of powerful cables and lifted clear from the bottom of the harbor. She then can be repaired as readily as if she were in a drydock and as soon as the repairs are completed can leave Havana under her own steam.

McGRAW IS SUSPENDED.

Action Against Manager of New York Nationals—Gives Cause.

New York, Aug. 18.—President Thomas B. Lynch, of the National League, indefinitely suspended Manager John J. McGraw of the New Yorks tonight for protesting too vehemently against the decisions of Umpires Chas. Rigler and Robert Emslie in the recent Pittsburg-New York series on the Polo grounds. His announcement follows:

"I will tolerate no longer this umpire-baiting and these tactics of putting the crowd on the umpire. I have suspended Manager McGraw, of the New York club, indefinitely for his actions in Wednesday's game. I am sure the high class patronage we now enjoy does not approve of such methods to incite spectators and which are directly responsible for the calling in the police to protect the National League representatives."

ACTION BY MRS. HILL

To Get Custody of Her Granddaughter. Taking Testimony.

New York, Aug. 18.—For several weeks, the Times will say tomorrow a referee has been taking testimony in an action brought by Mrs. J. J. Hill, wife of the chairman of the board of directors of the Great Northern Railroad to get the custody of her granddaughter, the eldest daughter of Mr. and Mrs. Samuel Hill. Samuel Hill, who was no relation to the family, married the eldest daughter of James J. Hill in St. Paul in 1888.

The only suggestion from any source of a reason for Mrs. James J. Hill's step was her desire to have her granddaughter educated in the Catholic precepts and brought up in the Catholic faith, to which both she and her husband belong. Mr. Hill has given away many thousands of dollars to Catholic churches and schools.

L. & N. LOSES FIGHT.

Mrs. Felton Successful Before Georgia Railroad Commission.

Atlanta, Ga., Aug. 18.—Mrs. W. H. Felton, widow of a once distinguished Georgia Congressman, won her fight against the Louisville & Nashville Railroad to compel the rebuilding of a side track at Feltonia, a small station on her plantation near Cartersville. Yesterday Mrs. Felton opposed by 15 railroad attorneys argued her complaint before the Georgia Railroad Commission and today the commission handed down its decision ordering that the sidetrack on her property be immediately restored.

TRAGEDY AT MORGANTON.

Insane Patient Shoots Nurse and Self —Reason Assigned.

Asheville, N. C., Aug. 18.—A special from Morganton states that an attendant at the insane hospital there, name not given tonight, shot and fatally wounded Miss Mary Cuthbertson an attendant at the same hospital. Her assailant ran away and finding himself about to be captured by pursuers shot himself in the stomach, inflicting injuries which will probably prove fatal.

The young woman's refusal to marry the man is said to have been the cause of the shooting.

CARPENTER'S NECK BROKEN.

Portsmouth Man Met Untimely Death In Fall Yesterday.

Norfolk, Va., August 18th.—C. J. Stone, a young carpenter of Portsmouth, was instantly kiled today as a result of a fall while at work on the Robertson Fertilizer Company's new plant here. Staging upon which stone was standing gave way and the man's neck was broken when he struck 45 feet below. Samuel Rice, a fellow workman grabbed a projecting timber while falling and clung to this until rescued.

HER PHYSICIAN APPROVES

Taking Lydia E. Pinkham's Vegetable Compound

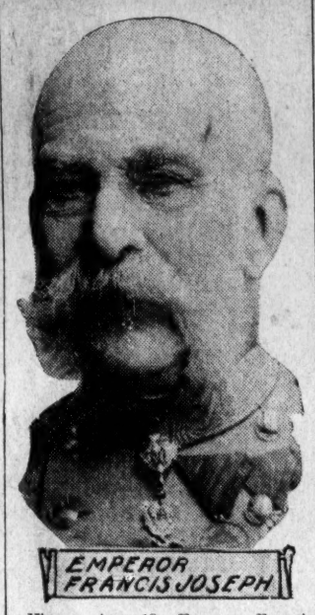
Sabattus, Maine.—"You told me to take Lydia E. Pinkham's Vegetable Compound and Liver Pills before child-birth, and we are all surprised to see how much good it did. My physician said 'Without doubt it was the Compound that helped you.' I thank you for your kindness in advising me and give you full permission to use my name in your testimonials."—Mrs. H. W. MITCHELL, Box 3, Sabattus, Me.

Another Woman Helped.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms. Lydia E. Pinkham's Vegetable Compound restored my health and strength, and proved worth mountains of gold to me. For the sake of other suffering women I am willing you should publish my letter."—Mrs. CHARLES BARCLAY, R.F.D., Graniteville, Vt.

Women who are passing through this critical period or who are suffering from any of those distressing ills peculiar to their sex should not lose sight of the fact that for thirty years Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs, has been the standard remedy for female ills. In almost every community you will find women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

EIGHTIETH BIRTHDAY.



EMPEROR FRANCIS JOSEPH

Vienna, Aug. 18.—Emperor Francis Joseph of Austria today celebrated his eightieth birthday. Many grand fetes were arranged for the occasion, and the people of the capital observed the day with great rejoicing and athletic contests of all sorts, while the royal court attaches celebrated in a most pompous manner the long life of their beloved ruler.

APPALACHIAN EXPOSITION

Forest Service Exhibit Will Feature Show at Knoxville, Tenn.

Washington, Aug. 18.—An exhibit showing the types of trees and explaining the problems and questions connected with the woodlands will be made by the Forest service at the Appalachian Exposition to be held at Knoxville, Tenn., September 12th to October 12th. Don Carlos Ellis, of the forest service, left Washington tonight for Knoxville to arrange and take charge of the exhibit which will relate largely to the forests in the Appalachian region.

The forest service also will participate in the Kansas State Fair at Hutchinson, Kas., September 10-17, and Arkansas State Fair at Hot Springs, Ark., October 10-15.

SOUTH CAROLINA VETERANS.

Nearly 3,000 Vetrans Took Part in Parade at Spartanburg.

Spartanburg, S. C., August 18.—The joint meeting of Confederate Veterans, "Red Shirt" and sons of veterans closed tonight and nearly 2,000 veterans took part ina parade. General J. R. Reed, of Chester, was elected Commander of the First battallion and General Frank Creech, of Barnwell, commander of the second battalion. Colonel A. R. Thompson the only surviving signer of the ordiance of session was present at this morning's meeting.

Special service, Pullman cars, and tickets good to return on any regular trains within 14 days. Take the Seaboard Special for a vacation. **

ILL, SENATOR MAY RETIRE.

Photo by American Press Association

Rockland, Me., Aug. 18.—The Maine legislature to be elected in September probably will have to elect two United States senators. Senator Hale has announced that he will retire, but has retracted the announcement, according to his friends, and will be in the contest. In any event the legislature must elect some one to the Hale seat this Winter Senator Frye, whose term does not expore until 1813, is at the Rangeley lakes so ill that it is expected he will announce his retirement in time for the legislature to act. Former Governor Cobb and Judge Frederick A. Powers of the Maine supreme court are the contestants for Senator Hale's place. Representative Burleigh has been slated to succeed Senator Frye.
